<b>Bloomscorp – Digital Marketing Agency</b> <i>Mass Data and Image Management Intern</i>	01 <sup>st</sup> Oct 2022 – 31 <sup>st</sup> Oct 2022
<ul style="list-style-type: none"><li>Gathered and curated product information and images, organizing them into folders systematically for better accessibility.</li><li>Ensured the accuracy and authenticity of all details, maintaining high-quality and reliable content for helping build an e-commerce website.</li><li>Tech stack used: Excel, Google Drive</li></ul>	

## PROJECTS

<b>Movie Recommendation System:</b> Developed a movie ratings analysis system to enhance user experience with data-driven recommendations. Used statistical methods in Python and RapidMiner Studio to analyze rating data, identifying trends and user behaviour patterns. This optimization improved recommendation accuracy, leading to a more personalized user experience and higher content engagement. GitHub: AnkitaMondal52/Movie-Recommendation-System-	Oct 2024
<b>Analysis on Academic Pressure on Mental Health:</b> Developed a Power BI project analysing the impact of academic pressure on mental health, examining its correlation with blood pressure, anxiety levels, financial conditions, dietary habits, stress, sleep-to-study ratio, and degree variations across cities. The study identified key trends and behavioural patterns, offering insights into students' well-being. This data-driven approach helps in understanding stress factors and optimizing academic performance. GitHub: AnkitaMondal52/Analysis-of-Academic-Pressure-on-Mental-Health	Mar 2025
